SPECIAL USE AIRSPACE

TEMPORARY MILITARY OPERATIONS AREA

Effective Dates: April 7 – 20, 2013.

The ROOSEVELT LAKE Temporary Military Operations Area (MOA), over Roosevelt Lake in the Tonto National Forest in eastern Arizona, supports the annual Air Combat Command Exercise ANGEL THUNDER. The exercise is designed to provide Combat Search and Rescue (CSAR) training for combat aircrews, para-rescue personnel, intelligence personnel, battle managers and joint search and rescue center personnel. The execution of Exercise ANGEL THUNDER allows combat air forces to practice effective integration/application of air and space power in the search and rescue mission. Training will include night extracts and night ground infiltration/evasion/exfiltration scenarios at the Playas training facility.

The ROOSEVELT LAKE Temporary MOA will be activated during Exercise ANGEL THUNDER for aircraft and parachute operations involved in the CSAR exercise. Aerial activities will consist of typical MOA flight operations to include tactical combat maneuvering by fighter and transport fixed and rotary wing aircraft, freefall and static line parachute operations, non-standard formation flights, rescue escort maneuvering, and aerial helicopter refueling.
