

Trade a Plane a Thon

Fly-in

At the Glendale Municipal Airport

Saturday January 19th. 6am till Noon

Got an airplane to sell, New or Used? Looking for an airplane to buy? Enjoy looking at a variety of airplanes? Here is the place to help you accomplish those desires. Come to the Glendale Municipal Airport for the Trade a Plane a Thon event.

The Glendale Municipal Airport has set aside an Aircraft Display area on the tarmac in front of the Main Terminal building. Here in this exclusive area Aircraft owners can display their Aircraft to prospective buyers in a setting designed to bring people and aircraft together. Buyers and sellers can converge in one location to see many aircraft available for sale.

The Trade a Plane a Thon marketing area is designed to put aircraft offered for sale in close proximity of each other where prospects can easily move from plane to plane, inspect aircraft, collect literature and discuss the various aspects related to that Aircraft and to schedule a demonstration flight if desired.

See them all, sell them all . . . big planes, little planes, sport planes, military planes, seaplanes, experimental planes, general aviation, helicopters, ultralights, gyro planes . . . If it fly's bring it here.

Pilots not be currently flying are encouraged to attend together with those individuals who may be interested in becoming pilots. Flight school information and instructors will be on hand to discuss flight training opportunities and inspect training aircraft. The Left Seat West Restaurant, located in the terminal building will have their "fly-in breakfast buffet" in operation.

This is a no charge to attend or display event open to the public.
