

## **Twin Hawks (AZ63) Flyin Instructions:**

Twin hawks airpark is a gated community. We have 100LL fuel available. We require that all pilots provide the following via email to [Duane@doveislandlodge.com](mailto:Duane@doveislandlodge.com) prior to flying in:

1. Aircraft insurance certificate or binder for the aircraft they are flying
2. Name, N-number, and phone number for pilot
3. Number of people in plane
4. Coming in for the day or overnight?
5. Fuel request if needed
6. ETA

### **Landing instructions:**

Left traffic Rwy 22 or Right traffic Rwy 04. Traffic pattern altitude of 3300 ft. Please avoid overflying the neighbors to the north of the airport less than 1000ft AGL. Unicom frequency is 122.85. Airport manager is Duane Lambeth 907-738-0856
